Solid Surface with Air Jet Technology

BainUltra Opus reaches new heights by offering all the therapeutic benefits of Hydro-thermo massage® with the innovation of air jets in our FineStone Solid Surface bathtub.

An Opus to Bathing in Luxury and Wellness

An *opus* is a creative work, the result of a composition based on careful thought, inspiration and a desire to bring the skillful spirit of the artist forward... Which is what inspired the creation of the Opus bathtub.

A symphony of lines and curves

All details, lines, and curves drawn by our designers and craftspeople are like strokes of a pen, or notes in a symphony blending harmoniously together in the final masterpiece.
