Evanescence®, immerse yourself in serenity

Evanescence® is an invitation to transform your relaxation space into an elegant sanctuary dedicated to your well-being.

This collection of freestanding bathtubs boasts sleek, pure, organic lines that reveal a vast interior bathing space where you can immerse yourself—one or two bathers—to experience the full benefits of our sophisticated therapies.

The uncluttered simplicity and form of the tub interior allows for a comfortable bathing experience, with room to move freely and immerse yourself fully. Surrender to the soothing caress of water and relax completely in peace and serenity.

^
The inner shell boasts a generous, sleekly designed space where you can comfortably recline.

Each backrest supports the head and nape of the neck, providing uniform heat all along the spine.

The bath's **thin concave walls** and **interior space** were designed to facilitate access to the bath.

THERAPIES

Multiple benefits

Available in the **ThermoMasseur®** category, Evanescence offers all the therapeutic benefits of Hydro-thermo massage® (relaxes body and mind, relieves back pain, stimulates blood flow, and eliminates toxins).

Geysair® hot air system further enhances the benefits of Hydro-thermo massage while providing a feeling of uniform heat, improving lymphatic drainage, and maintaining water temperature for a longer period.

Evanescence is also offered in the **TUB** category, to which can be added Illuzio chromatherapy, and Thermotherapy® with the Warm-TouchShell® technology. Reconnect with your vital energy and savor pure relaxation thanks to the beneficial effect of color vibrations on the senses.

In the Evanescence collection, aromatherapy can be used by adding essential oils directly to the bathwater, where they deliver their many benefits.
